

# Kitchen Team Member (Evening and Morning)

## Background

Catalyst Science Discovery Centre and Museum has been successfully trading for over 30 years. Our aim is to inform, educate and inspire the widest audience about the relevance of Science Technology Engineering and Maths (STEM), chemistry and related industries.

We welcome over 70 groups a year on sleepovers. Both schools and uniform groups come along to spend the night in our museum. As part of the package, they are served a meal at night and in the morning.

## The Role

Reporting to the Catering Manager

Responsible for: Preparing, cooking and serving food for groups on sleepovers.

This involves serving tea in the evening (approx. 5.30-9pm) and then breakfast in a morning (approx. 6-9.30am)

Group size and menu choices are chosen and confirmed in advance from a small menu.

Rate of Pay: Minimum Wage

Base Hours: 7 per sleepover event.

Sleepovers happen Tuesday to Saturdays. Multiple shifts available each week.

Casual and permanent positions available.

**Main duties and responsibilities:**

- Preparing delicious, high-quality food that delights our visitors and customers
- Maintaining a high standard of cleanliness of the kitchen and surrounding areas
- Ensuring the correct use of all machinery and equipment
- Representing Catalyst and maintaining a positive brand image
- Complying with Food Handling & Hygiene standards
- Complying with Health & Safety regulations

**Person specification:**

- Demonstrate an ability to prioritise tasks and communicate effectively at all levels
- Be an excellent team player
- Have a committed and organised approach
- Have a desire to succeed in your role
- Demonstrate exceptional timekeeping and reliability
- Catering experience is highly desirable

**What you can expect:**

- An opportunity to play your part to deliver an exciting community visitor attraction
- Supportive team around you who want to make our visitor experience the best around.
- Free parking and reduced rates in the Café.
- Training in food hygiene and allergens

**How to apply**

Please send your CV and Personal Statement, stating clearly how your skills, experience and attributes relate to the role. Please send your application to [jobs@catalyst.org.uk](mailto:jobs@catalyst.org.uk)

**Start date ASAP.**
