Updates and Events

Key points:

- ♥ Key Updates at the Hospice
- ♥ Volunteering
- ♥ Fundraising & Events

Who We Are...

...What We Do

For over **40 years**, Halton Haven Hospice has provided specialist palliative and end-of-life care for people across Halton and surrounding areas.

We support individuals living with life-limiting illness through personalised care, symptom management, emotional support, complementary therapies and bereavement services.

Our care is about helping people live as well as possible, for as long as possible, with dignity, compassion and choice.

As a charity, our work is powered by the support of our **local community** and **volunteers**. We couldn't operate without them!

Key Updates

- Reception Renovation
- Lounge Renovation
- Memory Tree Installation

Thanks to government capital funding for hospices, we have been able to refurbish our lounge and reception areas — creating warmer, more welcoming spaces for patients, families and visitors.

These improvements help us provide a better experience from the moment someone walks through our doors, offering comfort, reassurance and a sense of home during difficult times.

For families spending precious time together, and for patients receiving care, the environment around them matters. These refurbished spaces support dignity, connection and wellbeing — reflecting the compassionate care at the heart of everything we do

Our new Memory Tree

Our new Memory Tree offers families and loved ones a special place to remember and celebrate those they hold close.

Created as a space for reflection, connection and remembrance, the Memory Tree provides a lasting tribute while supporting the future of Hospice care.

It is a meaningful way for our community to honor loved ones, share memories, and remain connected to the Hospice in a deeply personal way.

Every dedication not only remembers a life, but helps support the care we provide to others in our community.

Volunteering

Our volunteers are a vital part of the Hospice family, giving their time, skills and compassion to support patients, families, staff and the wider community.

From welcoming visitors on reception to supporting fundraising events, retail, catering and day-to-day Hospice life, volunteers help make our care and support possible.

Volunteering is more than giving time — it is about creating connection, building community, and helping us continue to add life to days.

Every volunteer contribution helps strengthen the care and support we provide across Halton.

Fundraising & Events

We have an exciting calendar of fundraising events ahead, bringing our community together to raise vital funds for Halton Haven.

From challenge events and community campaigns to seasonal favourites like our **Forget Me Not campaign** and **Haven Festival**, every event helps us continue providing compassionate care to local families.

But we can't do it alone!

We are currently looking for volunteers to support with:

- Supermarket collections
- Event stalls and community fundraising events
- Bucket collections and awareness days
- Helping us create welcoming, engaging experiences at our events

Whether you can give a few hours or support throughout the year, your time could make a real difference.

Join us, meet new people, support your local Hospice, and help us continue adding life to days.

**Event Guides are available to request*

Forget Me Not Appeal - Aka “Go Purple”

This **June**, we’re inviting our community to “**Go Purple**” as part of our annual Forget Me Not Appeal — a month-long campaign raising vital funds and awareness for Halton Haven Hospice.

From purple bake sales and dress-down days to community events and fundraising challenges, it’s a chance for everyone to get involved in a way that works for them.

Each purple moment helps us continue providing compassionate care to local people and their families — every hour of every day.

We’re also looking for volunteers to support with collections, awareness stalls and events throughout the month. Let us know if you can get involved

Together, we can turn Halton purple and make a real difference!

Hospice care is about people, dignity, comfort and connection.

It is made possible by the kindness, generosity and support of our community.

Thank you for taking the time to hear our story and for helping us continue adding life to days.
